

CAPABILITY STATEMENT

QPI is a leading industrial and power generation solutions company that specializes in providing equipment, supplies, and turnkey solutions for federal clients and commercial customers located domestically and abroad. We are experts in installation, maintenance, project management, and product procurement. Although our capabilities are varied, our mission is singular: to deliver outstanding, reliable power performance systems.

The **QPI** team takes pride in providing procurement, installation and consultation services to all levels of government, including suppliers, contractors, and subsidiaries. Our work includes domestic military solutions, federal building needs, infrastructure planning, and research facility updates.

Located in Orlando, Florida, **QPI** is a U.S. Small Business Administration certified woman-owned business (WOSB) and economically disadvantaged woman-owned business (EDWOSB). We are also a certified minority- and woman-owned business (MWBE) with the state of Florida. Our team has formal education in mechanical engineering, a certification from the Project Management Institute, and more than 20 years of experience in the power generation industry and NASA.
